The news came late last night from Point o' Woods via Capt. Jackson at the Quogue Life Saving station that the Lopez had listed heavily toward the sea and was lying broadside on to the land. The L. J. Merritt was near her ready to take over the crew if circumstances required it. Capt. Jackson reported that the tug Merritt, together with the Relief which went back to Point o' Woods last night will begin removing cargo the first thing this morning in the hope that when flood tide comes on to-night the Lopez will be so lightened that they can pull her into deep water. The sea was very high last night and Capt. Baker, who was aboard of the Lopez at sundown, reported to the beach that in his opinion she could not be saved unless the weather moderated within the next twelve hours.

CUTICURA MET WITH ITS USUAL SUCCESS

"I have two little girls who have been troubled very badly with eczema. One of them had it on her lower limbs. I did everything that I could lear of for her, but it did not give in until warm weather when it seemingly subsided. The next winter when it became cold weather the eczema started again and also in her head where it would take the hair out and leave bare patches as large as a quarter of a dollar. At the same time her arms were sore the whole length of them. I took her to a physician and he said that she had two distinct types of eczema. I continued with him for several weeks and the child grew worse all of the time. Her sister's arms were also affected in the same way. My husband came home one day with a box of Cuticura Ointment and a cake of Cuticura Boap. I began using them and also the Cuticura Pills and by the time the second lot was used their skin was soft and smooth as it had not been before for the winter. We keep the Cuticura Boap and Cuticura Ointment constantly by us and when any little roughness or irritation appears on their skin I quickly dispel it with the Cuticura Remedies. My husband has used them with most satisfactory results for a sore head which has troubled him from childhood. Mrs. Charles Baker, Albion, Me., Sept. 21, 1908."

Cuticura Ointment is one of the most successful remedies for torturing, disauccessful remedies for torturing, disaguring humors of the skin and scalp, including loss of hair, of infants, children and adults, ever compounded, in proof of which a single anointing with it, preceded by a hot bath with Cuticura Soap, and followed by mild doses of Cuticura Pills, is often sufficient to afford immediate relief in the most distressing forms of itching, burning and scaly humors, eccemns, irritations and inflammations, permit rest and sleep and point to a speedy cure when all else fails.
